Quota is 6% of the starting (7/1/2024) roster.

Total gain includes more than just new SKs.

Percent gain is the total gain vs the quota.

Net +/- is the ending (7/1/2025) roster vs the starting one.

Many members were moved to Affiliate status by their Council, which drops them off the Assembly roster.

That's why the total gain of 158 only ended up as a net of +14.

Deaths and transfers out made up the rest of the difference.
