

6th Texas District Newsletter

November 2025

Blake S Krass, Master

Exemplifications

-- January 10th in Cedar Park

Details are at the website. Please use the fillable Form 4 and reconciliation form there. This will be the most centrally located one in a while, so I expect a large turnout.

-- January 31st in Canyon Lake

My counterpart in San Antonio/Victoria is hosting an exemplification in Canyon Lake, which is close to Assemblies at the southern end of District 6. I have the flyer if you think you might have candidates. You need to work through me if you are going to send anyone.

-- May 2nd in West (details not finalized yet)

District meeting

April 11th from 9-11am I will hold the biennial District 6 meeting at St Elizabeth in Pflugerville on the new second floor of our RE building.

I will cover various topics and we may have a special guest. We need to nominate three SKs to be my successor next September. We will also go through CCC training with the Marshals. All officers are welcome to attend.

My status

By year end I will have visited every Assembly twice except one that I visited in the middle of the two rounds of visits.

My contact info

Supreme Master newsletter

Do you receive his newsletter directly? I will start forwarding it if not. If you wish to submit a person or an activity for them to consider including, please let me know.

Looking ahead – Civic Award

Some of you may have events planned for Veterans Day. Keep track of any civic and/or patriotic events your members participate in during the fraternal year so you can report four of them for the Civic Award.

This is the easiest award for Assemblies to receive, yet only 5 of 28 Assemblies turned in the one-page form last year, which is sad. I will be pushing for everyone to submit it this year.

Looking ahead – Report of Programs

By the end of January, every Assembly needs to submit a Form 1728 for the last *calendar* year. Details are on the website. This is complicated for Councils; it is much easier for Assemblies.

There are three elements to it:

-- Monetary Donations

Your Purser can provide this.

-- Hours spent

Estimate it for your programs.

-- Miscellaneous items

List the number of meetings and estimate the other numbers like visits and fallouts.

I will start bugging everyone about this form in January.

I hope you and your family enjoy Thanksgiving!
